

Right now we are all dealing with some unique circumstances in the world, and Discovery Honda has enacted a unique initiative to make sure your new or used car purchase can be completed with a minimum amount of potential exposure to public crowds.

This is how the **Buy From Home Program** works.

1. Use our website, pick the vehicle in our inventory that best suits your needs.
2. Email buyfromhome@discoveryhonda.com or call us at **1-833-940-1379**
3. One of our professional sales staff can do a facetime/live video walk through on the vehicle of your choice to help you with and specific questions on the vehicle.
4. If it is indeed everything you'd hoped for, we will deliver the vehicle to your door (fully cleaned and sterilized) for a complimentary 24-hour test drive.
5. If you are wishing to trade-in your current vehicle we can provide a complimentary appraisal. (Don't end up purchasing the new vehicle? No problem. We will return your current vehicle fully sterilized.)
6. Upon your final approval of the vehicle, we will prepare a document package for you to complete your purchase online.

We can also offer:

A **flexible payment plan** OAC, (no payments for 3 months)

This initiative hasn't been enacted as a sales gimmick. We genuinely care for our customers well-being and are searching for ways to make your car buying experience a pleasant, stress free one, even in these trying times. Although it doesn't provide any guarantees, it helps take the reasonable and responsible steps, to minimize risk while our health professional search for solutions.

Discovery Honda has opted to abide by all Health Canada and BC Health Services recommendations in terms of in store health policies and etiquette, however we understand that for some of our customers, we need to go that extra mile to protect those that are concerned about their health or feel they are more vulnerable.

To book your appointment, and initiate the process, reach out to us at 1-833-940-1379 or email us at buyfromhome@discoveryhonda.com
